

About Our Centre

We are a Family Owned and Independent Childcare Centre in Alcamo's, Western Australia.

Our core focus is to provide children with high quality child care in a nurturing and motivating environment that is safe so that children can be encouraged in their growth and development.

Building meaningful relationships and partnerships with children and parents are important to us to give them a memorable experience and a place they can look forward to each day. Children will receive ongoing education and care aligning with the Early Years Learning Framework.

Nursery Rooms

Our nursery room caters for babies aged from 6 weeks to 2 years with a staff ratio of 1 educator to every 4 babies.

Toddlers Room

Our toddler's room caters for children aged from 2 years to 3 years with a staff ratio of 1 educator to every 5 children.

About Panda

Pre-Kindy and Kindy Rooms

Our pre-kindy and kindy room caters for children aged from 3 years to 5 years with a staff ratio of 1 educator to every 10 children.

Early Years Learning Framework (EYLF)

Our centre program is based on the Early Years Learning Framework (EYLF) which is play based learning and the recommended framework from birth and transition to school years.

The EYLF is a framework for early childhood education that guides educators in developing quality, educational programmes. Bringing consistency to the delivery of learning across the country, it is designed to enhance learning from birth to five, developing a foundation for learning as well as help in a child's transition into school. The EYLF is not a curriculum, so it does not provide centres with a detailed syllabus, instead it is a framework that consists of concepts, principles and outcomes.

Our Philosophy

Our team is dedicated and passionate about early childhood education and aim to provide a warm, safe, hygienic, homely, stimulating, and enjoyable

environment where each child is inspired and nurtured. Our educators understand the importance of relationships in early childhood.

We aim to build and maintain a strong and positive relationship with each child and family. We strive to create an inclusive environment through valuing and celebrating each individual who enters the centre respecting their unique qualities and diverse backgrounds.

Nurturing Environment

Our Babies room provides a warm, nurturing environment where we focus on the needs of the individual child as we believe this is the main priority for the babies in our care. Our play-based programs will be reflective of each child's individual needs, support home routines, and their social and emotional development.

The babies environment will have age appropriate equipment, opportunities for sensory play and spaces where they can explore freely while beginning to form important relationships with their educators.

Parent Handbook

Child care is a whole new environment for your child, our duty is to ensure the enrolment process is smooth and easy for your child, and for you as a parent.

Inside our Parent's Handbook you'll find plenty of useful information about what to expect, what to bring to your child's first day, and answers to questions you may have.

If however you need further assistance please be sure to visit our centre and speak directly to the Centre Manager.
